

To Whom It May Concern:

Recently Tom Meyer of Wordsower spoke in our seminary chapel at Faith Baptist Theological Seminary where he quoted Genesis chapters 2-6 dramatically from memory. His presentation of this passage was wonderful. As he quoted this passage word for word, the Scriptures came alive for our students and faculty. We were edified and encouraged as we heard the very Word of God.

In addition, Tom preached a brief but powerful message to us about the importance of memorizing Scripture. He helped us see how the Word is meant to be read, memorized, recited, and heard by followers of Jesus. Tom also fielded questions about the practical aspects of what it takes to memorize Scripture. It was encouraging and convicting at the same time.

I strongly recommend the Wordsower ministry and look forward to having them back.
