To Whom It May Concern:

Recently a group from our Church took a tour to Israel. During our visit, we had the distinct pleasure, and tremendous joy of meeting Tom Meyer and seeing his gift of dramatically presenting scripture from complete memory.

Due to previous commitments, there was a tight timeline for Tom's presentation. Tom was able to meet this schedule, and still provide a presentation that touched many hearts. It was even more meaningful as Tom made it a point to connect the scripture with several of the Biblical sites that we had visited earlier in the week.

After the presentation Tom made it a point to talk very candidly with the group, giving us hands on encouragement, inspiration and details about how to live a life of memorizing scripture.

I am very grateful for Tom Meyer's ministry, his giftedness and willingness to sharing those gifts with our church members. His care will not be forgotten and added bountiful fruit to our Israel trip experience. I would strongly recommend Tom's ministry to edify and equip any Church body.

Sincerely,
