RE: Tom Meyer

To Whom It May Concern

From 2007-2011 Tom Meyer attended Jerusalem University College and earned two MA degrees; one in the Historical Geography of Israel and the other in Middle East Culture and Religions. During these four years he was instructed by Professors Anson Rainey, Paul Wright and Gabby Barkay. During Tom's four year stay in Israel he participated in scores of field studies from Dan to Beersheba as well as Transjordan and Egypt.

Since graduating from JUC Tom teaches a class on the Historical Geography and Archeology of the Holy Land at Shasta Bible College in Redding, CA. He has incorporated his Bible memorization with his Archaeology and Geography background to provide local churches with new and unique tools to study the Bible with the Archaeology and Geography seminars Tom's ministry Wordsower offers.

I recommend him to you as a qualified and exciting instructor in Archaeology and Biblical Geography.

Sincerely,

Carl Rasmussen, Ph.D.
Professor Emeritus Bethel University
Adjunct Professor Jerusalem University College
