To whom it may concern:

We had Tom Meyer visit us for a Sunday morning to share his Wordsower ministry of telling the Word of God from memory. During the Sunday school hour he recited from memory the book of James and then talked about the different techniques and importance of memorizing Scripture. During the morning worship service he recited from memory the entire book of Revelation. Tom did an outstanding job orally proclaiming the Word of God. It was easy to follow because he put a good oral emphasis on the different portions of Revelation. Our folks, as well as myself were blessed by Tom's presentations. I would highly recommend anyone to have Tom come and share his ministry of speaking the Word of God from memory for a service.
