

Tom Meyer or Wordsower recently visited New Hope Community Church's youth ministry and spoke the Word of God from memory to teenagers immersed in a fast-paced, technology driven culture. Tom's dramatic presentation kept the attention of students from 12-18 years old and challenged them to hide God's Word in their hearts. There was a lot of buzz and many questions that followed his presentation from personal life to memorization technique. Overall, Tom captured the hearts of our students and laid a great challenge before them. We cannot wait to have him back again!

Blessings,

Pastor Mark Katzenberger
