

To Whom It May Concern:

Tom Meyer of Wordsower spoke the Bible from memory to our K-8 Lutheran School on April 12, 2001 and left our students totally amazed!

One student asked me if "we could have this guy come to our school every day!" I've never heard that one before!

Tom has a way of immediately connecting with the students and then keeping them totally engaged as he demonstrates the power and purpose for Bible memorization. It is so vital for students to learn the importance of planting God's Word in their hearts and their mouths!

We certainly will invite Tom back to Prince of Peace!
