

STANDALE BAPTIST CHURCH

Dear Tom!

What a blessing you were this past Sunday! The feedback from our congregation was exceptionally positive. People were challenged by hearing you dramatically quote the Scriptures from memory. I heard a number of comments from people that heard phrases, or thoughts of truth that they had missed in their personal reading of the Bible. Also, several mentioned that they have been challenged to memorize more Scripture! All of these comments encourage me about the power and importance of your ministry!

Thank you for such a servant's heart in greeting and welcoming the congregation as they came into the building. The people thought highly of you for taking such an interest in their lives. Once again, we praise God for your ministry!

Rejoicing in His Grace,

Dr. John Watson
