Dear Tom,

On behalf of everyone here World Vision International Global Center Los Angeles Office, thank you for sharing your heartfelt message and dramatic scripture recital with us at our chapel service on 28 February, 2018.

The passages from scripture you chose to share were deeply encouraging. We were also blessed by your personal passion to inspire us through remembering God's whole story and His faithfulness to His children then and now.

I hope you'll consider joining us again sometime soon. Thanks very much for making the sacrifice of time to bless us.

We're grateful for your partnership with us in bearing witness to the good news of the Kingdom of God. May the Lord continue to bless you, your family and your ministry for His glory.

With sincere love and appreciation,
