

Dear Tom:

Thanks for coming and speaking the Word from memory on behalf of your Wordsower ministry with us on September 25th! Your presentation of Genesis 1-11 during our Sunday school hour and of the entire book of Revelation from heart during our worship service were both uplifting and amazing as you demonstrated the power of God's Word in and of itself to communicate a powerful message.

As an additional result, our own efforts as a church to commit Scripture to memory have been encouraged. All the comments I've heard have been very appreciative of your time with us and I and our church would welcome a return visit.

We pray God will continue to guide, provide, and to use you in marvelous ways to encourage His people and to grow His kingdom!

Warmly in Christ,

Pastor John Tiffin
