Dear Thomas:

I am so glad you are faithful in your writing. I wish I could say the same. Your letters always seem to find me deep in or lost in thought. I am glad they bring me back to what is really important in this life: The Good News of Jesus Christ. Right now I am at the church putting together a great message (I hope God makes it great) for Sunday morn. Tom, whenever I read your letters I am always struck by the passion you have for Christ. I believe as long as God's people have a passion for Him, no matter what they do, God will anoint that person.

I believe you are anointed and I believe God will be with you as your feet pound the streets of Jerusalem spreading the Good News as did those whom we read about in the New Testament. If life was easy you would have no success, please remember that. It's the things we have to fight for that mean anything. I am always thinking about you and our fun times together eating burgers and talking about the good things God has done. I cannot wait until we get to eat another burger together again. As always call me when you are ready to share the Word and remember we consistently hold you up in prayer.

You fellow laborer in Christ,

Rev. Jay Spinks

Sr. Pastor
