

Bible Baptist church

proclaiming the Word of Life

To whom it may concern:

It was a joy to have Tom Meyer of Wordsower with us as a guest speaker recently. Tom brought a Hall of Faith presentation from memory along with parallel passages from the Old Testament. After his proclamation of the Word, he provided our congregation some useful and practical ways we can hide God's word in our hearts. We were edified and challenged by Tom's Wordsower ministry. I plan to have him back with us when his schedule allows. The Old Testament prophet Amos warned about a day when there would be a famine of hearing the word of the LORD in Israel (Amos 8:11). Sadly, Amos' words are all too relevant today. Tom's passion to speak the pure word of God is precisely the kind of ministry the American church needs. I highly commend Tom and his word-saturated ministry to you.

Sincerely,
