To whom it may concern:

I really appreciate the uniqueness and power of Tom's ministry. It's not often that only Scripture is presented as the message in a service. But when it is presented from memory in dramatic fashion it grips the soul. Tom used Hebrews 11 as his foundational passage in Sunday School, then jumped back into the Old Testament to fill in the feats of faith from heart. In our morning service, Tom presented the entire book of Revelation from memory. I was deeply moved. James was delivered by memory in the evening service. It was a remarkable Sunday that our people remember vividly.

Blessings,
