To whom it may concern

Recently Tom Meyer quoted the entire book of Jonah from his memory to us during our worship service near the ancient city of Joppa in Israel, where Jonah tried to flee from the Lord's mission for him. The people in attendance were encouraged and edified to hear the Word of God spoken in such a manner.

I highly recommend Tom as a key note speaker to share his ministry of telling the Word of God at any event.

Sincerely,

A handwritten signature in black ink that reads "JACOB". The signature is stylized and includes a long horizontal line underneath.
